

HOMER

CENTRAL SCHOOL DISTRICT

Home Learning

- We will be building our home learning model to mirror that which takes place in the classroom. Teachers will be expected to cover the same essential learning standards and to have check-ins with every child, every day.
- Home learning will have a combination of scheduled live events and work that will be completed at the learner's pace.
- Home Learning will take place Monday-Friday.
- Learning platforms will be used district wide-Google Classroom, Google Meets, and See Saw.
- Meals will be delivered to students via meal distribution sites, if requested. Work delivery will only be provided for students without internet access or recommended by a special education teacher or building principal.
- The district will strive for a high level of consistency in expectation for home learning from one staff member to the next.
- More information on home learning will be shared as planning for the fall continues.
